OFFICE OF THE CHAIRMAN

Lieutenant General William E. Odom, USA
Assistant Chief of Staff, Intelligence
Department of the Army
Washington, D. C. 20310

Dear Bill:

I am sad to lose Brigadier General James Shufelt as the Army's representative on the HUMINT Committee, but pleased that he has ascended to greater responsibilities within your staff structure.

Jim's contribution to the workings of the Committee since we began its rejuvenation over a year ago has been consistently outstanding. His sagacity, deep professional experience, and real skill in resolving inter-service differences have been invaluable. He has helped to establish for the Committee a pattern of carefully focused and innovative guidance for our national intelligence collection effort. He will be very much missed.

I would be grateful if you would include a copy of this letter in Jim's dossier, should you think it appropriate.

With warm regards.

Sincerely,
